

Post-bac RA and lab manager positions

POSTED 10/30/20

The new [Child Learning & Development Studies Lab](#) at the University of Texas at Austin (PI: Maria Arredondo) is looking to hire a full-time lab manager starting ASAP. The lab investigates the neuro-cognitive and socio-cultural mechanisms supporting bilingual infants and children to acquire their languages, become proficient, and succeed academically. We use online platforms, as well as behavioral, eye-tracking, and functional near-infrared spectroscopy (fNIRS) methodologies. This position involves coordinating participant recruitment and data collection, experimental design, supervising undergraduate research assistance, and lab administration. For a full description of the position and to apply, please click on the following link:

https://utaustin.wd1.myworkdayjobs.com/UTstaff/job/UT-MAIN-CAMPUS/Research-Lab-Manager---ChiLDS--Lab---Arredondo- R_00010628

This ad was previously active prior to the pandemic, and unfortunately went unfilled. If you applied previously, please consider applying again!

Our lab website is under construction, but feel free to find more information here, <http://sites.utexas.edu/childslab/>

Please include a cover letter, CV/resume, contact information for 2-3 references, an unofficial college transcript with your application. Review of applications will begin immediately and continue until the position has been filled. Feel free to contact me with any questions about this position (maria.arredondo@austin.utexas.edu)

POSTED 9/22/20

- **Postgraduate Associate, play2PREVENT Lab, Yale University**

Play2prevent.org; email contact: tyra.pendergrass@yale.edu

The start this date for this position will be early winter 2020.

Who We Are: The play2PREVENT Lab at the Yale Center for Health and Learning Games focuses on the use of “play,” in the form of videogame play, for the purposes of health promotion, risk reduction, social good, and educational interventions. We develop and evaluate videogame interventions focused on behavior change, education, health, well-being, and social intelligence, using the most rigorous scientific methods and metrics available.

The Position: The play2PREVENT Lab is looking for an entry level Postgraduate Associate to join our ever growing team. The primary focus of this position is on the team member easily developing comfort in the use of our videogame technologies and being able to train community partners on the use of those technologies in schools and other settings.

- **LAB MANAGER POSITION AVAILABLE**

Language Processing and Language Development Lab
Department of Psychology
University of Pennsylvania, Philadelphia PA USA

The research labs of Dr. John Trueswell and Dr. Lila Gleitman are hiring a full-time research assistant (i.e., lab manager/coordinator) to help conduct language learning studies with children and adults. Some of these studies will involve web-based eye-gaze studies of participants as they respond to spoken instructions. The successful candidate will have frequent interactions with postdocs, graduate students, research assistants, and will have plenty of opportunities for scientific involvement in all aspects of research projects including journal articles and conference presentations. Thus this position is an excellent stepping stone for someone planning to go to graduate school in psycholinguistics — individuals previously employed in this position are now star graduate students, postdocs and even professors within psychology and linguistics. Note that for the time being the position will be conducted remotely due to COVID-19 restrictions, with all data collection being conducted over the internet. Eventually the position will also include in-person data collection. A background check for working with minors will be required for this position.

Primary responsibilities include:

- Assisting lab members and the PIs in the running of experiments
- Designing, running and analyzing experiments with infants, children, and adults
- Developing experimental materials, and data management/analysis
- Recruiting participants
- Coordinating and training undergraduate research assistants
- Assisting in planning lab events and meetings
- Additional duties include management of human subject information, assisting in the reporting of information to funding institutions and Penn's Institutional Review Board (IRB), and lab scheduling

Essential qualifications:

- A Bachelor's Degree in Psychology, Linguistics, Computer Science, or Cognitive Science
- 0-1 year of research experience, preferably with children or infants (an equivalent combination of education and experience will be considered).
- Excellent organizational and communication skills (especially with young children and families).
- Be detail-oriented, motivated, creative, organized, and able to work independently
- Experience is required in Microsoft Excel and statistical analysis software (preferably R).

Preferred qualifications:

- Prior experience in psychology research and/or computational modeling.
- Proficient programming skills, ideally in Javascript, Python, and/or R.

- Flexible work availability is desirable.

The position can begin immediately.

To Apply:

Please visit: https://wd1.myworkdaysite.com/en-US/recruiting/upenn/careers-at-penn/job/Stephen-A-Levin-Building---2nd-Floor/Research-Specialist_JR00024330-2

- Please include a resume and at least two reference contacts (email and phone) with your application.
- Note that although the posting may say that the position end date is one year from hire, this is not correct. The position may last up to two or three years, contingent on funding.
- Note that although this posting may say a valid driver's licence is required, this is not correct. A driver's license is preferred, but not required.
- Please apply as soon as possible because we will begin reviewing applications immediately. Compensation is commensurate with skills and experience. Penn adheres to a policy that prohibits discrimination on the basis of race, color, sex, sexual orientation, gender identity, religion, creed, national or ethnic origin, citizenship status, age, disability, veteran status, or any other legally protected class.
